

FIREWORK TIME BE PREPARED

- ❖ Make a den where your pet likes to hide. Somewhere dark, covered over & with their favourite toys in. Don't bring them out of this 'Safe' place.

- ❖ Don't change anything in your pet's normal routine which may cause stress.

- ❖ Close windows, doors, cat flaps etc. to mask the noise from the fireworks.

- ❖ Draw the curtains to black out flashes from fireworks.

- ❖ Play music or have the television on to further mask out the sound of fireworks.

- ❖ Keep lights on so as to not enhance the flashes from fireworks.

- ❖ Act normally - Ignore pet's behaviour unless they have injured themselves.

- ❖ Do not punish pet's behaviour, and do not reward them as this may reinforce unwanted behaviour.

- ❖ Make sure your pet's microchip details are up to date incase they escape and run away when they are frightened. Make sure they are wearing a collar (cats should wear an easy release collar) with your details on it.

- ❖ Exercise your dog in the late afternoon before fireworks begin and keep all pets indoors when fireworks are being let off.
